I OPPOSE THE DRAFT M.O.U. being proposed by the FDA. In particular, I OBJECT to the definition of "inordinate amount" which restricts the availability and the right to obtain medically necessary compounded medications by limiting the number of prescriptions that can be shipped across state lines from specialized compounding pharmacies.

COMMENTS: I am furious to think that I may not be able to obtain the personalized HRT compounded all Natural Formula that is provided to me by Madison Pharmacy, WI. I reside in Covina, California. I had many life threatening side effects from the regular prescribed Estrogen Replacement Therapy after a hysterectomy at age 42. It took 4 years of suffering side effects before I found a Doctor who was aware of Women Health America Group, and its benefits using personalized HRT. The changes were amazing. Please do not take this away from me and the thousands of other women who may live out of State and need to have their Prescriptions shipped to them. It is the only alternative therapy that I have left.
